★ Ukufunda likhambo ... Learning is a journey ...

Ukufunda likhambo. Kuthatha isikhathi nokuzilolonga okukhulu endaweni ephephileko yokufunda into etja. Lokha abantwana bafunda ukukhamba, bathatha iinyanga ukuthuthukisa ubukghwari obutlhogekako ukuze bazikhambele ngokwabo. Bazilonga ubukghwari obutjha njalo ngaphambi kobana badlulele ezingeni elilandelako lamandla nelebukghono bokukhamba.

Cabanga ngendlela esikhuluma ngayo nabentwana lokha nabathatha ikhambo labo lokuthoma lokufunda ukuzikhambela. Uyezwa bona sikhuluma ngendlela esudu kangangani ukugqugquzela abafundi bethu? "Iza, Thandi. Iza kumma. Qala imilene yakho iba namandla kangangani."

Cabanga bona iinthombe lezi zikhombisa umfundsi omcani ekhambeni lakhe lokuba mfundi nomtloli ozijameleko. Cabanga ngobukghwari boke nolwazi elitjha abatlhoga bona babe nalo. Cabanga godu ngenani abalitlhogako malanga woke bona bazijayeze ukuze babe nokuzithemba ngobukghwari obunye nobunye obutjha.

Singalenza bunjani ubhoduloko lokufunda lapho abafundi abancani balemuka isekelo, bazwisesiethabes esingaliphandisela nakukafumaniseka bona bebantwana abancani abathatha ikhambo labo lokuthoma?

Learning is a journey. It takes time and much practice in a safe space to learn something new. When babies are learning to walk, they take months to develop the skills needed to walk independently. They practise each new skill over and over before they progress to the next level of strength and mobility.

Think about how we talk to babies as they take their first steps towards walking. Can you hear how sweetly we speak to encourage our learners? "Come on, Thandi. Come to Mama. Look how strong your legs are getting."

Imagine that these pictures show a young learner on the journey to becoming an independent reader and writer. Think of all the skills and new knowledge they need to acquire. Think too of how much practice they will need every day to become confident with each new skill.

How can we create learning environments where young learners experience the support, understanding and delight we would express if they were babies taking their first steps?
