

13 January 2020

RE- SCHOOL Entries for ALL SSA Events.

As per the approved registration criteria, swimmers can register as school swimmers or level 0 swimmers at no fee on condition that these swimmers swim **only** at level 0 or level 1 galas. Once a swimmer achieve a level 2 or better time, he/she must be upgraded at full capitation fee.

As per the 2020 amended rules Level 2 and 3 –Regional incorporation of Schools Teams, the Schools Teams will not be incorporated for Level 2 and 3. The Schools swimmers that have qualifies for Level 2 - 3 and upwards will have to be upgraded at full capitation fee to be eligible to swim at SSA Level 2, Level 3, SANJ or SA Nat competitions.

From the SSA Data base as at 31 December 2019, a number of swimmers registered as level 0 (3R) or School Swimmer (SS) have achieved a level 2 or better time.

Provincial data processors are requested to do a thorough check on their registered swimmers to avoid swimmers with qualifying times not being able to participate in the SSA gala's.

It has also been found that for a number of athletes the subgroup (ethnicity) is not correct. Please check and make the necessary changes then submit the changes to SSA for correction.

Yours Sincerely

A handwritten signature in black ink that reads "Shaun Adriaanse".
